

## DEPOSIT AVAILABILITY POLICY DISCLOSURE

This policy applies to all "transaction" accounts. Transaction accounts, in general, are accounts which permit an unlimited number of payments to third persons and an unlimited number of telephone and preauthorized transfers to other accounts of yours with us. Checking accounts are the most common transaction accounts. Feel free to ask us whether any of your other accounts are covered by these rules. Please read all provisions carefully in order to fully understand when funds may be available from certain deposits.

Our policy is to make funds from your cash deposits, electronic direct deposits and wire transfers available to you on the same business day. Check deposits are usually available the same business day, but see "Longer Delays May Apply".

Once the funds are available, you can withdraw them in cash, and we will use the funds to pay checks that you have written. Please remember that even after we have made funds available to you and you have withdrawn the funds, you are still responsible for checks you deposit that are returned to us unpaid and for any other problems involving your deposit.

For determining the availability of your deposits, every day is a business day, except Saturdays, Sundays, and Federal holidays. Deposits received after the time we close for business on a day we are open, or received after we open our night depository, or received on a day on which we are closed for business will be treated as if received on the next business day that we are open.

Funds from any deposits (cash or checks) made at automated teller machines (ATMs) we do not own or operate may not be available until the fifth business day after the day of your deposit. This rule does not apply at ATMs that we own or operate. Funds from any deposits (cash or checks) made at ATMs we own or operate may not be available until the second business day after the day of your deposit. All ATMs that we own or operate are identified as our machines.

If we cash a check for you that is drawn on another bank, we may withhold the availability of a corresponding amount of funds that are already in your account. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

If we accept for deposit a check that is drawn on another bank, we may make funds from the deposit available for withdrawal immediately but delay your availability to withdraw a corresponding amount of funds that you have on deposit in another account with us. The funds in the other account would then not be available for withdrawal until the time periods that are described elsewhere in this disclosure for the type of check that you deposited.

### LONGER DELAYS MAY APPLY

**Case-by-case delays:** Depending on the type and amount of the check that you deposit, funds may not be available until the second business day after the day of your deposit. The first \$275 of your deposits, however, may be available on the same business day. If we are not going to make all of the funds from your deposit available on the same business day, we will notify you at the time you make your deposit. We will also tell you when the funds will be available. If your deposit is not made directly to one of our employees, or if we decide to take this action after you have left the premises, we will mail you the notice by the day after we receive your deposit. If you will need the funds from a deposit right away, you should ask us when the funds will be available.

**Safeguard exceptions:** In addition, funds you deposit by check may be delayed for a longer period under the following circumstances:

- We believe a check you deposit will not be paid.
- You deposit checks totaling more than \$6,725 on any one day.
- You redeposit a check that has been returned unpaid.
- You have overdrawn your account repeatedly in the last six months.
- There is an emergency, such as failure of computer or communications equipment.

We will notify you if we delay your ability to withdraw funds for any of these reasons, and we will tell you when the funds will be available. They will generally be available no later than the seventh business day after the day of your deposit.

**Special Rules for New Accounts:** If you are a new member, the following special rules will apply during the first 30 days your account is open. Funds from deposits of cash, electronic direct deposits and wire transfers will be available to you on the same business day. The first \$6,725 of a day's total deposits of U.S. Treasury, government, cashier's, certified, teller's, traveler's checks and U.S. Postal money orders, Federal Reserve Bank and Federal Home Loan Bank checks will be available on the next business day if the deposit meets certain conditions. For example, the checks must be payable to you. The excess over \$6,725 will be available on the ninth business day after the day of your deposit. If your deposit of these checks (other than a U.S. Treasury check) is not made in person to one of our employees, the first \$6,725 will not be available until the second business day after the day of your deposit. Funds from all other check deposits will be available on the ninth business day after the day of your deposit.
